Re: Case No. 2001-092  
Filing Deficiencies

Dear Ms. Rutherford:

The Commission staff has reviewed your application in the above case. This filing is rejected pursuant to 807 KAR 5:001, Section 2, for the reasons set forth below. These items are either required to be filed with the application or to be referenced in the application if they are already on file in another case.

Filing deficiency pursuant to 807 KAR 5:001, Section (6)(t):

1. Detailed description of method of calculation and amounts allocated or charged to utility by affiliate or general or home office for each charge allocation or payment. Concerning the allocations from Cinergy Services, Inc. shown on Volume 3, Tab 38, Page 1, the description of the method of calculation was sufficient. However, the amounts allocated or charged were not provided. Concerning the other allocations shown on Volume 3, Tab 38, Pages 2-4, all items were deficient.
2. Explanation of how allocator for the test period was determined.
3. All facts relied upon, including other regulatory approval, to demonstrate that each amount charged, allocated or paid during the test period was reasonable.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. You are requested to file seven copies of this information (unless otherwise noted) within 15 days of this letter. If you need further information, please contact Issac Scott of my staff at 502-564-3940, extension 444.

Sincerely,

Stephanie Bell  
Secretary of the Commission
